

Edifying One Another

(4 Bible truths my brothers and sisters helped me to remember)

Intro: We are Christians and the scriptures remind us how God revealed his will at various times throughout the course of history. Now we are to listen to Jesus. If we attempted then to follow only Jesus words...the red letters in some bibles...we would be compelled to listen also to those guided by the Holy Spirit, the other books of the Bible. This Bible we have contains the faith (the gospel) that was once for all delivered to the saints. We are instructed to propagate the truths by teaching one another with persistent validations of the inspired words of the Bible. That is why we need worship and bible study. **Heb. 1:1; John 14:26; Jude 3; John 14:26; Romans 1:17**
