

“Have Thine Own Way, Lord”

The power of “will” is one of the strongest and most innate parts of the character of man. God created us to be that way, to have passion, to have fervor, to be driven to do things. So by design, it is one of the hardest things for us to willingly give over to someone or something else. The words of this aged song paint a picture of what it truly means to be willing to yield our will to our Creator.

- 2) Mold me after Your will (*Eph.2:10; Job 22:1; 1 Pet.5:6*)
- 3) Able to be focused on what God wants of me (*Heb.5:8-9; Luke 22:42; Rom2:6-7*)
